Re: Ex Parte Presentation
ET Docket No. 00-258; RM 9920; RM 9911

Dear Ms. Dortch:

On June 6, 2002, the Cellular Telecommunications & Internet Association ("CTIA") represented by Steven Berry, Senior Vice President for Government Affairs, and Diane Cornell, Vice President for Regulatory Policy, met with Ed Thomas, Chief, Bruce Franca, Deputy Chief, and Julius Knapp, Deputy Chief, all of the Office of Engineering and Technology. The parties discussed issues relating to the pending proceeding considering additional spectrum for advanced mobile services. In particular, CTIA urged that the entire 60 MHz between 2110-2170 MHz be made available for advanced wireless services, consistent with the NTIA plan.

Pursuant to Section 1.1206 of the Commission's Rules, this letter is being filed with your office. If you have any questions concerning this submission, please contact the undersigned.

Sincerely,

Diane Cornell
